5. PROVISIONAL LICENSING - DO YOU FIT ONE OF THESE SCENARIOS?

QBCC may decide to grant you a provisional licence if you meet any of the scenarios listed below. A provisional licence allows you to work lawfully in the industry and gain the required practical experience to eventually work without supervision. Tick the box provided if you fit one of the following scenarios.

I have the required technical qualification, but I don't believe I have the practical experience required.

I don't have the required technical qualification, but I believe I have sufficient practical experience to carry out the work under the supervision of a licensed plumber and drainer.

I hold a current interstate or licence from another country.

I have the qualification and the practical experience for the licence, but I'm unable to provide my qualification or prove my experience.

If you fit one of these scenarios, you are not eligible for a full licence. However, you may be eligible for a provisional licence and should pay the provisional licence application fee prescribed by legislation. Do not complete Part B of this form as it is not required for a provisional application.

IMPORTANT NOTE – a provisional licence can only be granted for 1 year and cannot be renewed. If you have previously been granted a provisional licence and are seeking another one, you must make a new application for the licence. The QBCC will only grant the provisional licence if it is satisfied that you continue to meet the eligibility requirements for a licence of this type. The QBCC will not grant a provisional licence if you meet the legislated requirements for a full licence.
